CONNECT TO THE PAST

The Moorings on Keuka is deeply connected to Keuka Lake's rich history. In fact, the site was once home of the renowned Penn Yan Boat Company. Founded in 1921 by Steuben County local Charles Herrmann, the Boat Company was influenced by Herrmann's experiences as a pilot in the early days of aviation.

Once one of the area's major employers, the company earned a reputation as one of the most innovative recreational boating companies of its time. The Boat Company continued on for many years until it ceased operations in 2001. Now home to The Moorings on Keuka, the site of the company once known as the "Home of Good Boats" will continue to be an anchor for all of life's good things.
