Use of this plan indicates understanding and agreement with the following:
Carini Engineering Design, P.C. has not been retained for construction observation or administration and assumes no responsibility for field changes, contractor methods, material selection, product performance or warranty, code or document compliance or safety during construction.
It is a violation of Section 209 (2) of the Education Law for any person, acting under the direction of a Licensed Engineer to alter any item in these documents in any way. Any person who alters these documents is required by law to affix his/her seal and signature and date with notification "altered by" followed by a specific description of change made.
The use affixed to these documents is for the work performed by Carini Engineering Design, P.C. on the original documents and does not relate to any other site by others. Our liability is limited to the amount of the fee paid.
These plans are instruments of service for the construction of one building only and are not to be copied in any form without the express written permission of Carini Engineering Design, P.C. The plans & items represented on this sheet are copyrighted and violators of this copyright will be prosecuted.
The contractor is responsible for checking dimensions and site conditions and to report any errors or omissions to this office before the start of construction. Written dimensions always have precedence over noted dimensions. All materials, products, fixtures, and equipment shall be installed in accordance with manufacturer's installation instructions and all applicable codes. These plans comply with the 2020 code.
