

Use of this plan indicates understanding and agreement with the following:
Carini Engineering Designs, P.C. has not been retained for construction administration or administration and assumes no responsibility for field changes, contractor methods, material selections, product performance or warranty, code or document compliance or safety during construction.

It is a violation of Section 1209 (2) of the Education Law for any person, whether acting under the direction of a licensee or otherwise, to alter any plans or these documents in any way. Any licensee who alters these documents is required to file to the licensor and signature and date with notification signed by licensee by a specific description of changes made.

The user attests to these documents is for the work performed by Carini Engineering Designs, P.C. on the original documents and does not include any added data by others. Our liability is limited to the amount of the fee paid.

These plans are instruments of service for the construction of one building only and are not to be copied in any form without the express written permission of Carini Engineering Designs, P.C. The plans & documents represented on this sheet are copyrighted and violation of this copyright will be prosecuted.

The contractor is responsible for checking dimensions and the conditions and to report any errors or omissions to the office before the start of construction. Written dimensions always take precedence over scaled dimensions. All materials, products, fixtures, and equipment shall be installed in accordance with manufacturer's installation instructions and all applicable codes. These plans comply with the 2020 code.

Use of this plan indicates understanding and agreement with the following:
Carini Engineering Designs, P.C. has not been retained for construction observation or administration and assumes no responsibility for field changes, contractor methods, material selection, product performance or warranty, code or document compliance or safety during construction.
It is a violation of Section 2008 (2) of the Education Law for any person, unless acting under the direction of a Licensed Engineer to alter any item in these documents in any way. Any person who alters these documents is required by law to affix his/her seal and signature and date with notification "altered by" followed by a specific description of changes made.
The seal affixed to these documents is for the work performed by Carini Engineering Designs, P.C. on the original documents and does not relate to any added date by others. Our liability is limited to the amount of the fee paid.
These plans are instruments of service for the construction of one building only and are not to be copied in any form without the express written permission of Carini Engineering Designs, P.C. The plans & ideas represented on this sheet are copyrighted and violators of this copyright will be prosecuted.
The contractor is responsible for checking dimensions and site conditions and to report any errors or omissions to his office before the start of construction. Written dimensions always have precedence over verbal dimensions. All materials, products, fixtures, and equipment shall be installed in accordance with manufacturer's installation instructions and all applicable codes. These plans comply with the 2020 code.
